Ukweli (the party) is duly registered under the Kenyan Political Parties Act and is domiciled in Kenya. The address of its registered office is set out on page 1.

2. Basis of preparation and summary of significant accounting policies

These financial statements have been prepared on a going concern basis and in compliance with the International Financial Reporting Standards issued by the International Accounting Standards Board. The currency is presented in Kenya Shillings (Kshs). The measurement basis used is the historical cost basis except where otherwise stated in the accounting policies below.

a) Income tax

No income tax has been provided in the accounts due to cumulative tax losses.

b) Share capital, share premium, and dividends

Preliminary expenses catered for by the initial contributions by Founder NEC officials are recognized and classified as 'capital' in equity. No dividends are paid out.

c) Depreciation

Non Current Assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is charged so as to allocate the cost of assets less their residual values over their estimated useful lives, using the reducing balance method. The following annual rates are used for the depreciation of Non Current Assets:

	Rate
Furniture and Fittings	10%
Computers	10%

If there is an indication that there has been a significant change in depreciation rate, useful life or residual value of an asset, the depreciation of that asset is revised prospectively to reflect the new
